The Presidents Message:

Oh how I wish that this month's message was all light and airy. I wish I could write about the great activities happening around the park and the many people that attended this and that event and all the fun that we have had. I wish we were looking forward to the activities planned for Mother's Day, the Memorial Day Celebration, Father's Day and the great 4th of July Party. But alas, those might have to be postponed for awhile. What I can comment on is how fortunate I feel; how grateful I am that even though I am confined to this compound I do not have to worry about a great many of the things that others do in the world. I live in a safe and clean neighborhood surrounded by great people. I have a roof over my head that doesn't leak, I have air conditioning, I have food on my table (my wife is a great cook), and I have thousands of Ebooks to read, games to play and movies to watch. I receive a modest pension so I don't have to worry about my regular bills. I am grateful for how the people in the park have come together to help their friends and neighbors and I am also grateful for the many people here who are maintaining a positive attitude and big smiles whenever I see them. I am most grateful that I have a wonderful and loving wife who is sharing this experience with me. We have met such a large number of nice people here, and we are looking forward to getting to know them better in the future when this is over. Keep up the good work everyone!!

SUMMER VEGGIES, SW FLORIDA VERSION

Several of you have asked about vegetable growing this spring. As mentioned in an earlier issue, many of the northern vegetables we are used to, need be planted in January & February down here. However, it's not too late to plant "Florida summer vegetables." Take spinach, which is best planted in January in SW Florida. But you can plant and grow **Malabar spinach** all through our summers. *Basella rubra* is a red-stemmed vine that's leaves can be used like spinach, and it's not fussy at all about soil types. It's thick, fleshy leaves should be cut off to keep the plant full. When cooked it doesn't have the slick texture like northern spinach.

June is a good month for planting **Sweet Potatoes**, **Southern Peas** and **Okra** (these last two can be planted through July and August also). Sweet Potatoes can be an interesting ground cover as well as have edible tubers. The variety "Blackie" has dark, burgundy colored foliage, "Margarita" has bright lime green foliage, and "Tricolor" has variegated green, cream, and pink foliage.

Pumpkin seed can be planted in mid-July. Protect the plants from vine borers, and you'll have some great tasting pies by holiday time.

Although I'd never heard of it before moving to Florida, I love **Chayote**, *Sechium edule*. The plant is a tender, perennial vegetable vine that produces light green, pear-shaped fruit with a single, flat edible seed. You can simply buy the fruit at the grocers and leave it on your kitchen counter or something similar until it begins to sprout, and then plant it next to a trellis or support for the vine to climb. Plant the fruit on its side with the smaller stem end sloping upward, and left slightly exposed.

Welcome to a Old/New feature of the "Gator Tales". We will be running a "for sale" section **STRICTLY** for the residents of Blue Heron Pines. If you have something to sell, we probably have someone who wants to buy it. The guidelines are simple:

- - Short and sweet.
- - Ad will run for one issue unless you re-submit your ad for the next issue.
- - The service is free to residents only.
- - All articles have to be in no later than the 15th of each month.

Plan Ahead for a Hurricane

Hurricane season is almost here. Here are some tips to minimize damage to your property and others in the event of a hurricane. Clear your yard of loose objects which become potential airborne missiles in high winds. Place items inside your house or shed, NOT on your lanai. Some examples of things to secure:

- Lawn Furniture
- Potted plants
- Gazing Balls
- Statues
- Bicycles
- Trash Cans
- Garden Hose(s)
- Decorative flags and poles
- Any other decorative items

Anchor objects that cannot be moved inside (no matter how heavy or large). Close all windows and doors. FYI: Taping glass will not prevent breakage. Store documents and valuables in waterproof containers; secure in highest possible spot.

The Role of the NeighborHood Watch in Blue Heron Pines.

I have been asked many times by residents what the role and duties of the Neighborhood Watch are here in Blue Heron Pines. We are here to help to ensure that our neighborhood remains a safe place to live. Our volunteers patrol our community to make certain that outsiders are not robbing and molesting us. We check to see that the club house is secured at night and that no one is sleeping in the pool house. (Yes, it has happened). We check to see that there has been no vandalism and that there isn't a moving van whisking away your or your neighbor's stuff, and we also check for strange cars in the park at night. Also, we look out for any other emergency types of situations that might occur, such as fires or injuries. We have given rides home from various fun activities at the community center when needed, and have pushed a few carts home when they have run out of juice. What we DON'T do is police the residents. We are not here to report you if you are breaking one of the BHP rules. We are not here to make sure your outdoor bulb is lit, and we're not looking at your driveway for too much clutter or your flowerbeds for weeds. We ARE here to ensure that our neighborhood remains a safe place to live. I have placed a list here from the Charlotte County Sheriff's office that provides examples of suspicious behaviors. Some do not apply to our setting but others do. There are also phone numbers provided if needed. I would also like to take this opportunity to thank all of the people who are currently patrolling our community and to the many many many volunteers who have done so in the past. This is another reason that I enjoy living here. When given the opportunity to get involved, there are a lot of residents who do and who have. If you have any questions about the Neighborhood Watch please feel free to email me at rawsage@gmail.com

Thanks, Walt

Suspicious Activity Concerning Persons

Circumstance	Possible Crime
Persons offering items for sale at a very low price.	Possibly trying to sell stolen property.
Strangers loitering or driving through a neighborhood several times.	Possible burglary suspects or vandals.
Slow moving vehicle, without lights, or following an aimless course. This is suspicious in any location including residential streets, schools, playgrounds.	Possible burglar, drug pusher, or sex offender.
Parked or occupied vehicle containing one or more persons, especially significant if observed at an unusual hour.	Possible lookouts for a burglary or robbery.
Vehicles being loaded with valuables if parked by a closed business or unoccupied residence.	Possible burglary or theft in progress.
Abandoned vehicle parked on your block.	Possible stolen car.
Vehicle containing weapons.	Owner or driver may engage in criminal activity.
Vehicle someone is being forced to enter, especially females or juveniles.	Possible kidnapping, assault, attempted rape or child molesting.
Vehicle in which a business transaction is being conducted around schools or parks.	Possible selling stolen items or drugs.

Other Suspicious Activity

HOA MEETINGS

The HOA Board meets on the 3rd Thursday of each month and the **HOA Membership Meetings** are on the 1st **Tuesday** of each month during the month of October through April beginning at 7:00 PM. The February Membership meeting is the Annual meeting at which Board Member elections are held. The meeting agenda is posted on the bulletin board 48 hours prior to the meeting. All HOA members are encouraged to attend the Board meetings. If you have an issue or concern, please contact a Board member prior to the meeting to have that item added to the agenda or sign in before the meeting. You will have 3 minutes to speak about that item during the meeting. (This is the "Sunshine Law" as defined under Florida Statute 723.078.) In addition, at the end of each meeting there will be an opportunity to ask questions or present items for discussion

HOME OWNERS ASSOCIATION

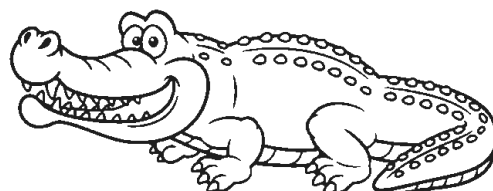

(HOA) Membership in the Home Owners Association is not mandatory, however, the Board represents the home owners of Blue Heron Pines as a group and provides a united voice for the home owners. They work as a liaison between BHP Owners/ Management and the residents. The cost is \$20 per year (Jan 1-Dec 31). This entitles the home owner to one vote per household for election of Board Members and any issues that need to be voted on. This money also pays for holiday events, kitchen supplies for Saturday Coffee and various activities, Legal fund, decorations for the Clubhouse, copying costs, reduced price on tickets for HOA events and more. Renters are also encouraged to join the HOA. Although they cannot vote, they are welcome to participate in all of the Blue Heron Pines activities and events as a member. You can purchase your Membership at monthly meetings or from Jae-Ann Carder #528

HEALTH & WELFARE Sunshine COMMITTEE:

Cathy Richardson #555 502-321-5229 lcrich3@att.net

has volunteered for this committee. She will gather information from other residents about who is ill or hospitalized, has a family member with a serious illness, or has passed away. If you have any news about a neighbor, please let Cathy know.

WILDLIFE: Warm spring weather means it's time to brush up on tips for living with alligators and other wild critters. **It is very important that you DO NOT feed any of the wildlife** in and around our park. **From the Florida Fish and Wildlife Conservation Commission website: "In Florida, it is ILLEGAL to feed manatees, sandhill cranes, bears, raccoons, foxes, and alligators."** We need to do our part by making sure we are not providing **any** food for **any** animals (including birds and **ducks**). If you have a fruit tree, make sure you pick up fallen fruit. Above all, if you see an alligator, **just leave it alone!** The same is true of the coyotes people have seen out and about at night. If you leave them alone, they will do the same.
