News & Views of Blue Heron Pines Golf Community

Volume 29 Issue 1

Blueheronpineshoa.net

January 2020

Well, if you're reading this you've survived Thanksgiving and are thinking about the remainder of the "Holiday Season" which includes Christmas, Hanukkah, and New Year. It's something we look forward to each year, but then heave a sigh of relief when it's over.

Our BHP is looking good this year, with many houses decked out in lights, ornaments and displays. I think FPL should send out thank-you cards to many of our neighbors!

The award for best decorated house this year went to John & Ellie Welcome at Lot 310. Ellie also won the Ugly Sweater contest!

Of course we all enjoyed the golf cart parade and the Winter Wonderland activities. The winning golf cart was entered by John & Wendy Harvey at Lot 325, and it looked great!

Congratulations to everybody for their hard work and artful creations. Also, thanks to the small army of volunteers who help make all this stuff possible: planning and organizing the events and activities, selling tickets, decorating the clubhouse and mail kiosk, buying, preparing and serving refreshments, and cleaning up the

mess afterwards.

Keep in mind that nothing "just happens" spontaneously. All the activities and festivities that we enjoy are the result of neighbors working together to envision, plan, organize, direct and control an event. You are all invited to participate...to meet new people, offer your opinions and roll up your sleeves.

A good place to start is with the upcoming elections. We have openings on the Board and for the Negotiation & Mediation Committee. The Board also has a number of committees you can be involved in, without being a Board member.

I encourage you to contact Jeff Pollack (jeffp46@gmail.com) or myself (larry.roberts.mail@gmail.com) if you have questions. The HOA meeting on January 7th is the last day for nominations to be accepted, and voting will take place at the February meeting.

January also brings us the auction on the 25th, and the start of the Men's Pool League. The auction is a major money-maker for the HOA, so think about all the "stuff" gathering dust in your closets that could be donated.

The pool league involves about 50 guys being guys...getting out of the house two nights a week, shooting pool, drinking beer, cussing, and having fun. The wives are usually happy to get rid of us for awhile, so it's a win-win!

Meanwhile, enjoy the remainder of the holiday season and best wishes to you all!

Larry Roberts

**Next HOA Meeting
January 7, 2020**

Hey neighbors....

Elections are coming up in February and we are always looking for new blood, new ideas, and a desire to make BHP an even better place to live. You can meet new friends, and stay as busy as you want to be in a variety of activities and projects. Our residents have a broad range of backgrounds, experience and wisdom that they've spent a lifetime accumulating. Now's the time to USE it. Sharing what we have to offer makes us all stronger by allowing our experience to be put to work for everyone's benefit.

Our Board of Directors can include as many as nine Board members. The Board members (who have a two year term) elect officers annually...President, Vice President, Secretary and Treasurer. In addition, there are Standing Committees that Association members may chair, by appointment of the President, without being Board members. The committee Chairman may then appoint other committee members. These Committees are as follows:

- 1 Clubhouse
- 2 Entertainment
- 3 F.M.O.
- 4 Sports
- 5 Membership
- 6 Long Range Planning
- 7 Park Services
- 8 Negotiation & Mediation.

I encourage you to read our ByLaws, which are posted online, at the BHP website. I point out all of this to show you there are many ways to get involved, with varying levels of responsibility and commitment, and I encourage you to do so. If you would like more information or would like to submit your candidacy, please contact either myself at:

Larry.Roberts.mail@gmail.com

or Jeff Pollack at:

- 1 PLEASE OPPOSE Senator Hooper's SB 818: hooper.ed.web@flsenate.gov He needs to hear from you!! 727-771-2102
- 2 Senate President needs to know you OPPOSE SB 818: galvano.bill.web@flsenate.gov
- 3 Senate Chair of Innovation, Industry & Technology, Senator Wilton Simpson, needs to know you **OPPOSE SB 818**. Call his District office: **352-688-5077**
simpson.wilton.web@flsenate.gov Tell him why SB 818 is terrible!
- 4 Senators on the Innovation, Industry & Technology Committee need to know you **OPPOSE SB 818** and it is terrible for homeowners. Please write or call:

Senator Benacquisto: 239-338-2570 benacquisto.lisbeth.web@flsenate.gov

Senator Bracy: 407-297-2045 bracy.randolph.web@flsenate.gov

AND! Please contact your own Senator! It's easy to find out who represents you in the Legislature! Go to: www.flsenate.gov Click on Senators tab at top. All contact information is readily available...call or write their office today to oppose SB 818!!

FMO is the only statewide advocate for your homeowner rights and the only "GATEKEEPER" of FS 723. Without our advocacy and protection of FS 723, mobile/manufactured homeowners will be slowly and painfully stripped of their statutory "protective clothing". If that happens, the "naked" truth of the park/community owners' intent will then have been realized. The FMHA will have free reign to "GUT" FS 723. All the harmful content in this communication is only the beginning. Deliver this information to your HOAs. Stress its importance. SUPPORT FMO.

PROTECT YOUR LIFESTYLE and STAND-UP for HOMEOWNERS

STRONGLY OPPOSE SB 818 sponsored by Senator Ed Hooper, (R-Clearwater)

This anti-homeowner bill is very alarming to homeowners and will negatively impact our standard of living. Many of us are retired or unable to move and we need affordable housing. When we chose a mobile/manufactured home community as our lifestyle, the park or community owner made promises about living in his park.

This anti-homeowner bill basically gives the park owner permission to ignore many of the promises and guarantees he made and that we are paying for. There are so many upsetting parts to this bill and these are just a few of them.

- Removes the right to assume a lease and receive the initial prospectus that goes with the lot in accordance with the DBPR decision in 2011 and upheld on appeal.
- Permits adding an unlimited number of units to a park with no requirement to increase or add amenities for the new units. This would dramatically affect our pool, clubhouse, exercise area, or game area.
- Permits changing the current prospectus without disclosure to homeowners.
- Permits them to be able to have new residents sign for an integrated prospectus which was not approved by the DBPR and not one presently approved for your park.
- Requires a new buyer to make changes prior to occupying the home which should be purchased as is. Resales may become impossible.
- Removes the requirement for certified mail if there is an eviction notice.
- Permits one notice of all rent increases regardless of the anniversary date which will be too confusing.
- Prohibits an experienced negotiator or attorney from attending the negotiating committee meeting.

This bill will cause so much upheaval and unhappiness. We have more faith in the Legislature than to let this happen to our Seniors, Veterans, and all those of us living on fixed incomes.

WHAT TO DO ON A TYPICAL JANUARY LATE AFTERNOON

Sharon Breay

1. 1. Put on your highest boots and tuck your jeans inside, so the deep snow doesn't get into your boot tops.
2. 2. Put on your heaviest jacket, hat, mittens, and scarf.
3. 3. Take a clean, very large dutch oven or similar pan, and a large mixing spoon.
4. 4. Go outside and fill the pan with fresh, clean snow. (OR—put the pan out in the falling snow to catch it as it falls.
5. 5. In a blender, blend together 2.5 cups milk, 2 eggs, 1.5 cup sugar, and ¼ t. nutmeg.
6. 6. Pour over 1 gallon of snow and stir well.
7. 7. As this mixture thickens, it becomes truly delicious “ice cream.”

WHAT? YOU HAVE NO SNOW? YOU GOT **RID** OF YOUR HEAVIEST JACKET AND MITTENS & SCARF? (Yes, you have those Ugg boots for some reason or other.) YOU LIVE IN SOUTHWESTERN FLORIDA?

Well now, what a shame!! But try just hopping in your car, driving 8 minutes to the store in your shorts, T-shirt, and sandals, and buying a package of ice cream (It only comes in 65 flavors and is on sale often). Sit on your lanai, or in the flowering garden, or on the beach, and eat it. How on earth WILL you manage? Perhaps, with a very broad smile on your face!! Enjoy our “winter!”

Here is a short video of the Winter Wonderland & Golf Cart Parade. Thanks to all that participated and to the hard working volunteers that made it possible. Just copy and paste the link below into your browser to view.

Bicycle Etiquette for Cyclists and Motorists

Diane Baldwin #129

With another new year upon us, many will be looking for ways to improve our health. Whether we choose to eat more fruits and vegetables, bask in the Florida sun, or take up a new exercise regime, bicycling is something to consider. It is an easy way to burn calories and improve cardio and is low impact and puts much less strain on our joints than running. It lowers blood pressure and stress levels, and strengthens hip and leg muscles. While cycling can be a lot of fun, knowing the rules of the road can make your ride safer. Under Florida law, bikes are considered vehicles and have the same right to use the roads as any motorist. With this right, however, comes the responsibility to know the laws and to follow them. Here are some ways cyclists can improve their ride.

1. Obey all traffic laws. This includes stopping at stop signs and red lights, riding with the flow of traffic, using lights at night and yielding the right-of-way when entering any roadway.
2. Wear a helmet. While it is not mandatory for adults, helmets do protect our brains.
3. Florida law prohibits the use of ear-buds, headphones, and headsets while riding. It's critical to be able to hear what's happening around you.
4. Using a mirror on your helmet or your handlebars is easier than looking back.
5. Use hand signals to let drivers and other cyclists know your intentions. Florida law requires that you signal within 100 feet before making a turn.
6. Cyclists are not required to ride on the shoulder of the road. To do so greatly increases the risk of crashing. The best position for a cyclist is somewhere between the right car tire track and the center of the lane.
7. Ride on the sidewalk if you feel safer. This is perfectly legal in Florida, however, you must yield the right-of-way to pedestrians and provide an audible signal before passing.

Nationally, Florida ranks first in bicycle fatalities. There are several things that motorists can do to help insure the safety of cyclists.

1. Educate yourself about the law. "Share the Road" signs indicate that cyclists are likely to be present. The cyclist, or group of cyclists, has the right of the full lane. Motorists wishing to pass must yield and wait until it is safe to do so. Bicycle riders usually ride in the right half of the lane to offer easier passing, however, they are not required to do so. Be aware that a cyclist might need to ride on the left side of the lane to avoid a hazard or when preparing to make a left turn.
2. Stop and think before acting: Many crashes are caused by impatient drivers. Wait until it is safe to pass then give the rider plenty of room. The law requires at least three feet but it is very difficult to determine that from the driver's seat. If at all possible change lanes and slow down before passing. Saving a few minutes is never worth someone's life.
3. Look twice for cyclists before turning left or right on a road. Scan for bikes before opening your car door when parked. Taking these preventative measures can save lives. Cyclists and motorists must learn to share the road and work together to keep everyone safe.

CHAIR YOGA & GENTLE FLOOR YOGA

WHY DO CHAIR YOGA AND WHAT IS IT??

Chair Yoga is an accessible form of yoga for any age group. In this case we will use the chair as a prop to help modify the poses while maintaining all the benefits of yoga. This sequence is practiced while sitting in a chair or using the chair for balance. It is a slow flowing practice intended to help with pain and release tension throughout the body as well as improve balance and strength. This class is appropriate for people who are injured, or have difficulty sitting or lying on the floor.

GENTLE FLOOR YOGA is designed for students interested in a slower, but equally effective practice. You will experience gently held postures and breathing techniques that calm the mind, relax the body and improve joint health and flexibility. This class is great for beginners, seniors or experienced students.

Participating in Yoga helps to

decrease stress and pain increase energy Helps Sleep deepens breath capacity learn relaxation techniques improves posture improves balance and foot health restores joint mobility and flexibility strengthens joints and muscles helps develop core strength improves mental ability might even help your golf game!!!

January is named after the Roman god Janus, who is always shown as having two heads. He looked back to the last year and forward to the new year. He was the ruler of new beginnings, and gates and doors. He presided over the Temple of Peace which was only opened during wartime. It was a place of safety, where new beginnings and new resolutions could be forged just as our New Year is a time for new objectives and renewed commitments to long term goals.

YOUR HOMEOWNER'S ASSOCIATION (HOA)

NEEDS YOUR SUPPORT

For \$20 per year, per household, you can influence the future direction of our community.

Your HOA represents you:

*on issues with Sun Communities

*with Federation of Manufactured Home Owners of FL (FMO)

*resisting unfair rental increases & tax pass-ons

*with arranging & funding social events

*with arranging emergency communications

Memberships can be purchased at any HOA meeting.
